March 15th, 2023

From Wildlife Management: Tanner, Jason, Eli

- Habitat work currently consists of woody vegetation mowing in grasslands and removing fence lines in grasslands.
- Fire season is around the corner and will take up most of the staff time across NE Wisconsin. Local burns planned include fields at the Sheboygan Marsh, Mullet Creek Wildlife Area and across the Kettle Moraine State Forest.
- Sheboygan County CDAC Meeting will take place on May 2nd at Camp Y Koda at 7pm. We are moving to a one meeting format. Opportunities to submit season observations and thoughts on the season structure will be available beforehand. More information on that next month.

From Fisheries: Ben and Tanya

- We have hired our new LTE Alec. He is a great fit for the team, and we are excited to have him on for the 2023 field season.
- Ice out is around the corner. This year we will be starting out with our comprehensive fisheries survey on Big Cedar Lake in Washington County

From Law Enforcement: Juan, Madeleine, Anthony and Josh

- No new updates from Law Enforcement
